### Description

Peralada Resort is a complex located in one of the most beautiful parts of the Alt Empordà, in northern Catalonia. The Resort is made up of a majestic medieval castle flanked by two 14th-century towers and surrounded by gardens designed by François DuVilliers, with 70 different kinds of trees in almost 8,000 m2. Inside the castle is Casino Peralada, the only casino in the world housed inside a medieval castle. It is a global entertainment centre where you can enjoy gambling, music and food, featuring Castell Peralada Restaurant, which is run by Xavier Sagristà and Toni Gerez.

The Resort also features the Hotel Peralada Wine Spa & Golf, a five-star hotel, a Wine Spa, an 18-hole golf course and a 9-hole P&P, in addition to the wineries and vineyards of Vins i Caves Peralada, which is internationally renowned for its wines and sparkling wines and the wine tourism experiences that it organizes.

Completing the Resort are a cultural complex made up of Carme church and the Gothic cloister, a library and the wine, ceramic and glass museums. Furthermore, in the summer, Peralada Resort is the venue of the Castell de Peralada International Music Festival, which is in its 31st edition this year.
