## Description

Hostal de La Gavina, historic member of *The Leading Hotels of the World* since 1962, is located 95 km north of Barcelona. Our Resort is set magnificently on the private estate of S'Agaró surrounded by peaceful gardens and the sandy beaches of Sant Pol and Sa Conca. La Gavina is the expression of 85 years of hospitality excellence; The property combines elegant and refined luxury with generous indoor and natural outdoor meeting spaces, offering a total of 74 bedrooms of highest comfort, all individually decorated with beautiful artwork and antiques. Most of the bedrooms offer terraces with impressive sea views. The exclusive setting of La Gavina and the close highway accessibility to Barcelona, Girona or the French border make the destination an ideal setting for high profile meetings and incentives, exclusive product presentations and private celebrations. From a regional point of view, Girona Costa Brava is culturally and gastronomically a very potential region, that for many still remains to be discovered.
