Description

Total Incoming Services is a DMC based in Barcelona who provides products in Catalonia, Spain and Portugal (and part of Europe). Our strength is based on the personalized attention of each client, delivering Tailor Made, out of the box for all type of groups. In addition, we provide Consulting services to both FIT and foreign agencies wishing to travel, given the extensive experience of our team.

Destination Management Company

TOTAL INCOMING SERVICES is a small company that takes proper care of its clients. The closeness, the 24/7 service, the full dedication, joint with the responsibility, experience and flexibility will summarise in a 360 all around satisfaction of the client. Both the passengers and the Agency will be pleased, as we are - in that event - a mere extension of the contracting Agency. We know how to do things.
